### Teach-Out

This term is used to describe the process of permanently closing (deleting) a program that currently has students enrolled.

The Council's policy for approval of the teaching-out of students requires that, at a minimum, all institutions submit either an Institutional Teach-Out Form (for approval to conduct a teach-out within the institution) or Two-Party Teach-Out Application (for approval to partner with an outside entity to conduct a teach-out) and a copy of the plan to conduct the teach-out.

This policy applies to candidate and accredited institutions and all programs affected by a teach-out regardless of the mode of delivery.

### Teach-Out Plan

A plan for the teaching-out of students from a program or institution must be submitted upon the occurrence of any of the following events:

- (a) The Secretary of Education notifies the Council that the Secretary has initiated an emergency action against an institution, in accordance with section 487(c)(1)(G) of the HEA, or an action to limit, suspend, or terminate an institution participating in any Title IV, HEA program, in accordance with section 487(c)(1)(F) of the HEA, and that teach-out plan is required.
- (b) A State licensing or authorizing agency notifies the Council that an institution's license or legal authorization to provide an educational program has been or will be revoked.
- (c) The Council acts to withdraw, terminate, or suspend the accreditation or candidacy of the institution.
- (d) The institution notifies the Council that it intends to cease operations entirely or close a location that provides one hundred percent of at least one program, or closes a program before enrolled students complete.

A teach-out plan must be consistent with applicable standards and regulations. Teach-out plans submitted to the Council must include a list of currently enrolled students, academic programs offered by the institution, and the names of other institutions that offer similar programs and that could potentially enter into a teach-out agreement with the institution. The plan must provide for the equitable treatment of students by insuring that:

- (a) Students are provided all of the instruction promised by the closed educational program or institution prior to its closure but not provided to the students because of the closure;
- (b) Institutions that are closing must work with regulatory agencies to assure that students are placed; and,
- (c) Students are notified of additional charges, if any, for completing the course or program at the teach-out institution

If the Commission approves the teach-out plan that includes a program that is accredited by another accrediting agency the Commission will notify that agency of the plan's approval.
